

# Report 3: Control Systems Hardware

Some Aircraft Company

November 3, 2020

# Contents

1	Introduction	3
2	Sensors	3
2.1	Global Positioning System . . . . .	3
2.2	Inertial . . . . .	3
2.3	Atmospheric Pressure . . . . .	3
2.4	Dynamic Pressure . . . . .	3
2.5	LiDAR . . . . .	3
3	Actuators	3
3.1	Electric Servos . . . . .	3
3.2	Stepper Motors . . . . .	4
3.3	Conclusion . . . . .	4
	References	5

# List of Figures

1	Figure Name . . . . .	4
---	-----------------------	---

# 1 Introduction

Introduction text

## 2 Sensors

Section text

### 2.1 Global Positioning System

Subsection text

### 2.2 Inertial

Subsection text

### 2.3 Atmospheric Pressure

Subsection text

### 2.4 Dynamic Pressure

Subsection text

### 2.5 LiDAR

Subsection text

## 3 Actuators

Section text

### 3.1 Electric Servos

Subsection text

## 3.2 Stepper Motors

Subsection text

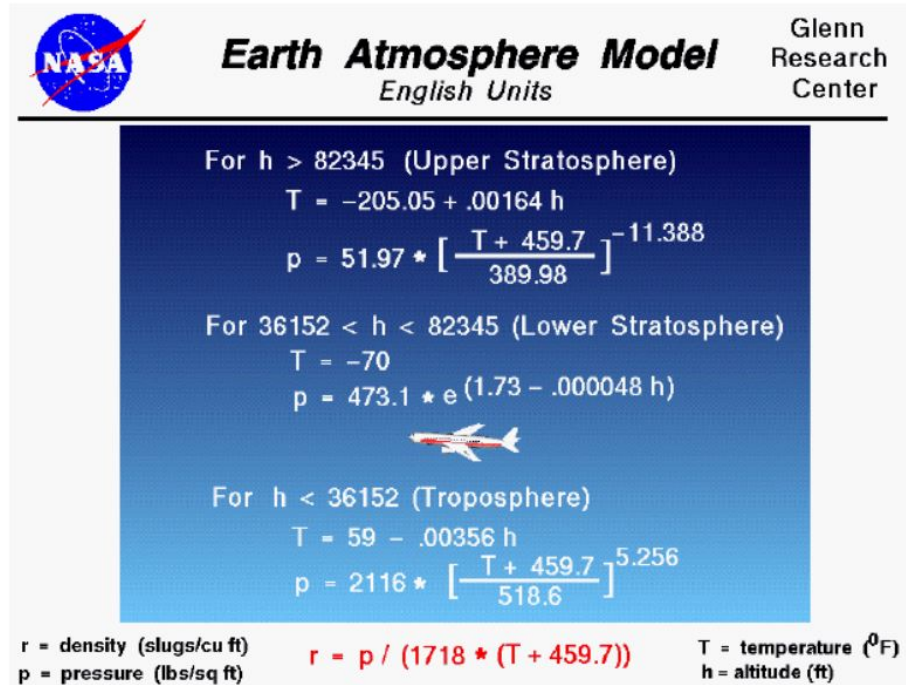

Figure 1: Figure Name

## 3.3 Conclusion

Conclusion text
